HIGHGROUND INDUSTRIAL GUTS OLD FACTORY IN NYACK, NY, TO BECOME NEW HOTEL

Mahwah, NJ: April 28, 2014: Highground Industrial announced today they have been selected by Nylo Hotels to demolish the internal structure of an old industrial building near the downtown area of Nyack, NY. The former 4-story factory will be re-developed to house a 132-room loft style hotel. It sits just walking distance from the Hudson River and downtown Nyack.

NYLO Hotels are known for their urban-style hotels offering a unique alternative to traditional hotels.

The demolition process is now underway and is expected to finish in May. *“We are pleased to have been selected for this project. It is very exciting to be a part of a project which renews old factories to create new usable updated space.”* said Dave Hoehmann, President of Highground Industrial LLC. *“These old multilevel factories are not considered efficient for manufacturing. So either they are being renovated and re-purposed like this one or torn down.”*
